

FINANCING SUSTAINABLE INFRASTRUCTURE OF THE FUTURE

23 June 2022 | 17.00-18.30 | hybrid event

One Works, Via A. Sciesa n. 3, Milano

The annual conference of the Center of Excellence on sustainable finance for infrastructures and smart cities (ExSUF), established in 2021 by the United Nations Economic Commission for Europe (UNECE) and by LIUC – Università Cattaneo, aims to be an opportunity to reflect on the role of public and private finance for sustainable infrastructures, and on the instrument of the Public-Private Partnership in a national context. On this occasion, the book "PPP & Private Capital for sustainable infrastructure and smart cities" will be presented, written by a research team from the ExSUF Center and published by Guerini Next.
