

OSNABRUCK UNIVERSITY OF APPLIED SCIENCE – Germany (1/2)

SUMMER PROGRAMS 2024

1- International Summer University, Campus Osnabruck, July 11- August 02

Courses offer:

- Corporate Social Responsibility & Sustainability (undergraduate)
- Marketing: Understanding of Consumers and Markets (undergraduate/graduate)
- Organisational Culture and Behaviour (undergraduate)
- Process Improvement (undergraduate)
- Global Healthcare Management (graduate)
- Clinical Perspectives in Physiotherapy (undergraduate)
- Applied AI for Non-Programmers (undergraduate)
- Engineering Mechanics: Dynamics (undergraduate)
- The Composite Materials (undergraduate/graduate)

Students choose one course, which is then combined with classes on German language, Intercultural Competence, Facts about Germany and Osnabrück as well as city trips, company visits and cultural activities. Students meet participants from a variety of countries and study in an intercultural environment.

The subjects are taught by academics from Osnabrück and its international partner universities with plenty of professional experience.

Upon successful participation students receive a certificate of attendance and 5 ECTS credit points. The program is taught in English.

Registration: until March 31, 2024.

The course fee ist 1,950 Euro.

2- Summer University Lingen, Campus Lingen, July 7 – July 20

OSNABRUCK UNIVERSITY OF APPLIED SCIENCE – Germany (2/2)

SUMMER PROGRAMS 2024

2- Summer University Lingen, Campus Lingen, July 7 – July 20

It is open to undergraduate and graduate students of any degree course (but especially interesting for those studying business or related subjects).

During the SUL, German and international students will work on the topic of “International German SME (Small and Medium Enterprises) – Sustainability in Business and Technology”.

Lingen Campus is a fantastic place for a summer abroad because we put theory into practice:

- close cooperation with companies and organizations in the region
- several company visits
- teaching and learning is very practice-oriented
- small study groups
- modern learning environment with state-of-the-art facilities and equipment
- safe city with very welcoming and open-minded people

Applications can be submitted until May 1, 2024. The program fee is 1,200 Euro.
